celebration of its new line, DERMA LOUNGE is offering its [Star Beauty Combo Package](#) now through February 25, 2022. The combo package includes the exclusive Hollywood South Facial with Eye and Lip Treatment Combo for \$249.00 (typically priced at \$ 325.00).

The Hollywood South facial treatment combined with the Hollywood South Eye and Lip treatment from DERMA LOUNGE takes full advantage of these products in addition to offering a double exfoliation and boost of nano-infused antioxidants utilizing nano-channeling. A drainage massage around the eyes and a cooling hydrating mask

are layered beneath a thermal mask to repair dehydrated and wrinkled skin. Both products are recommended for daily use at home. They should always be stored somewhere cool, dark, and dry, with the lid tightly sealed, as the ingredients can be damaged by light and air.

"Vitamin C has long been used to reverse and defend against sun damage, lighten dark spots, and smooth out wrinkles. The production of collagen, the protein that prevents sagging, can be stimulated using Vitamin C. When combined with Vitamin E and the other active ingredients in

the DL Ceuticals line, Vitamin C treatment can also diminish minor scars", says owner and Board Certified Esthetician, Shannon Delacerda. "With our exclusive Star Beauty Combo Package, you can shine like a star without paying a celebrity premium. Many are taking advantage of these two incredible treatments at one price to get ready for Mardi Gras Carnival Balls. With this treatment, women can look their best - gorgeous, rested, and rejuvenated." The Star Beauty Combo Package can be used within six months of purchase. DERMA LOUNGE asks that you please reschedule or cancel at least 24 hours before the beginning of your appointment, or there may be a cancellation fee.

The DERMA LOUNGE Hollywood South Facial is transformative. It includes double exfoliation followed by a super surge of hydrating, nano-infused antioxidants underneath a thermal mask for deep penetration. This facial is the ultimate luxury for dry, dehydrated, and wrinkled skin types. Hand and elbow skin smoothing rejuvenation are included.

Utilizing her own brand of products, DL Ceuticals, Delacerda says her Star Beauty Combo Package works wonders to repair the effects of sun exposure, lighten pigmentation, smooth, tighten, and brighten dark circles. The DL Ceuticals Vita C Duo Eye Complex is a soothing and beneficial treatment for the delicate skin around your eyes. The treatment acts as a robust delivery system for bio-available Vitamin C and licorice root extract, horsetail plant extract, and hyaluronic acid. Licorice

root contains anti-inflammatory properties and vital antioxidants, reducing dark circles and brightening skin. Hyaluronic acid gives your skin its plump and hydrated sheen and moisturizes the treatment area to bring back youthful eyes. Horsetail plant extract is also chockful of healthy antioxidants, tightens, and helps to eliminate damage from free radicals. DERMA LOUNGE'S Vita C Eye Serum provides an infusion of Vitamin C with Vitamin E and ferulic acid to protect the Vitamin C from being destroyed through oxidation. This collagen-boosting serum blends hyaluronic acid with organic jojoba oil and the amino acid arginine.
